Children's councils

This year we are starting up a range of different children's councils to give them more of an opportunity to be active members of the Aspire community, give ideas and make decisions on areas of school life that affect them. Each child has chosen the council they would like to be part of, they have designed their own council badge and begun thinking about the actions they would like to take.

The councils are: art ambassadors, well being council, EDI helpers, playground ambassadors, school council, sports leaders, science superstars, eco council and digital leaders.
