

6th October 2022

Dear Parents and Guardians,

Our school will be taking part in **JUST ONE Tree** Day on **Friday 14th October**. Each child is being encouraged to wear **something green or nature-based colours** and bring in £1 to fund the planting of their tree.

JUST ONE Tree is an award-winning non-profit removing CO₂ from the atmosphere and reversing biodiversity loss through global reforestation.

JUST ONE Tree supports established reforestation companies who plant in areas severely affected by mass deforestation such as Kenya, Madagascar, Haiti & Indonesia. In doing so they have the greatest positive effect on limiting global warming whilst simultaneously alleviating extreme poverty within local communities through the provision of training, agricultural education and sustainable incomes.

JUST ONE Tree makes it simple for everyone to take collective action on the climate crisis because **Just £1 plants 1 Tree**.

We're sure you will agree that tree planting is absolutely essential at this critical time for the planet. We will therefore be joining children, parents and teachers around the world on this day to demonstrate that an individual's actions can have a positive impact on the environment.

Please bring your suggested donation of £1 to school on **Friday 14th October**.

More information can be found at: <https://www.justonetree.life/>

We look forward to counting the number of trees that our school community can plant!

Yours Sincerely,

Ms McGuinness

Our school will be taking part in **JUST ONE Tree Day.**

Each child will be encouraged to 'wear something green' and bring in £1 to plant a tree - uniting children, parents and schools across the world in taking positive action for our climate.

Together let's plant a future for our children.

JUST ONE Tree is a non-profit Community Interest Company removing CO2 from the atmosphere and reversing biodiversity loss through global reforestation.

JUST £1 plants 1 Tree

On average a tree absorbs 48lbs of carbon dioxide from the atmosphere every year.

JUST ONE Tree supports reforestation projects in Madagascar, Haiti, Indonesia, Mozambique, Nepal, Kenya and Zambia where the deforestation has been devastating.

And in the process helps to provide training, agricultural education and sustainable incomes....

...alleviating extreme poverty within local communities.
